

New resort brings refined comfort, gastronomy and innovative wellness experiences to the mountains of Uzbekistan

CHICAGO (July 15th, 2026) – [Hyatt Hotels Corporation](#) (NYSE: H) today celebrated the opening of Beldersoy Resort and SPA, which blends a wellness focus and authentic Uzbek heritage with warm hospitality standards. As the first premium mountain resort and the first Destination by Hyatt branded property in Uzbekistan, the opening reflects a significant milestone for the brand in one of the world's fastest-growing tourist destinations.^[1]

Nestled in the breathtaking Beldersoy mountains within the Chimgan–Bostanliq region, the resort combines nature, design, and holistic wellbeing for a mindful escape in a natural setting. Surrounded by pristine alpine landscapes, crystal-clear air, and panoramic views, Beldersoy Resort and SPA is the ultimate destination for travelers seeking immersive experiences, adventure, and wellness. Its prime location, with direct access to world-class ski slopes, gondolas, and year-round hiking and biking trails, means every season offers unforgettable experiences. Nearby, guests can explore Charvak Lake, the charming mountain village of Chimgan, and the bustling capital of Tashkent.

Beldersoy Resort and SPA comprises Uzbekistan's premium inventory of 109 mountain-inspired rooms and 36 private villas with panoramic mountain views in every room. Guests can enjoy in-room amenities such as a 55-inch TV, revitalizing walk-in shower and spacious work zone. Reflecting a deep sense of place inspired by the resort's natural surroundings, the interior design blends contemporary elements with the spirit of the Chimgan mountains while paying tribute to the cultural heritage of Uzbekistan through hand-crafted local artwork. The color palette has been carefully curated based on natural mountain tones, featuring shades of stone, sand, clay and deep greens and with an emphasis on raw and natural materials.

"Beldersoy Resort & SPA has been carefully curated to reflect Uzbek alpine culture, aligning with our vision of blending a strong appreciation for local heritage with distinct contemporary design and welcoming service", **said Michel Morauw, Managing Director Hyatt EAME North**. "I look forward to welcoming guests to our first Destination by Hyatt hotel in the region and delivering wellness experiences rooted in nature and holistic wellbeing, creating an ideal retreat for those seeking to truly escape and unwind".

"The Beldersoy peaks have long held a special place for those who know Uzbekistan's mountains, prized by locals and visitors alike for their clear air, ancient forest, and quiet majesty. With Beldersoy Resort & SPA, a Destination by Hyatt hotel, we have reimagined what it means to stay in this landscape, bringing authentic mountain luxury within easy reach of Tashkent, while honouring everything that has long drawn people here. Preservation has been our guiding principle from day one, of the terrain, the green spaces, and the character of the place, supported by engineering choices that minimise energy consumption, treat water responsibly, and steward our natural resources for the long term," said Khaled Shaker, General Manager of Beldersoy Resort & SPA, Destination by Hyatt.

Serene mountain wellness

Bringing a Thalasso-inspired wellness concept to the mountains, guests will be able to take advantage of the innovative spa treatments available, which use mineral-based therapies traditionally associated with coastal settings, reimagined for a high-altitude setting. Guests can unwind across a collection of indoor and outdoor pools, including a seawater indoor pool enriched with mineral salts, a magnesium-rich floating pool designed for deep relaxation, and a signature outdoor infinity pool overlooking the surrounding mountain landscape. Complemented by a dedicated spa, functional training zones, showers and mountain-inspired fitness activities, the resort creates a tranquil retreat for guests seeking to escape city life and embrace the refined comfort of Uzbek mountain living.

Embracing diverse culinary experiences

Beldersoy Resort & SPA boasts a curated selection of dining experiences, featuring two restaurants and a Lobby Lounge designed to cater to a variety of tastes, all led by an expert international culinary team. Nafis, the resort's all-day dining restaurant, offers seasonal specialties, while Fire & Ice is a bold dinner destination centered around premium meats and curated vodka pairings, ideal for memorable evenings and intimate group celebrations.

A natural stage for elevated events

Beldersoy Resort and SPA hosts versatile event spaces designed for both intimate gatherings and large-scale celebrations. The property features two meeting rooms and a spacious ballroom, named after the imposing Tian Shan mountain range, equipped to host weddings, conferences, corporate meetings, and team-building retreats. Set against the dramatic backdrop of the Uzbek mountains, the resort provides an alternative to city-based venues, combining modern facilities with a memorable natural setting.
